## MAKE THE SIMPLE "BOUNCE" TEST

Any of the symptoms of worn shocks mentioned here could call for shock replacement. Make the bounce test by bouncing the vehicle up and down three or four times by putting weight on either bumper. After release, continued free rocking of the vehicle, of more than two cycles, indicates loss of shock absorber function. The bounce test is a simple key to uncovering more bad shocks

## MATTAPOISETT MUSEUM OPEN FOR SEASON

It is well worth the effort to go to the Historical Society Museum on Church Street, Mattapoisett, to see over 185 antique "Pitchers", on exhibit during the month of July.

Some of the finest examples of porcelain, pressed and blown glass, early paste, and pottery have been gathered together for this well arranged exhibit.

The earliest pitcher displayed is of pottery made in the form of a fish, Circa 1500, and comes from Peru. Other early pitchers include a lovely Spode with raised figures on a dark blue base - a silver resist in early paste - copper luster, Liverpool transfer, and many others too numerous to mention.

There is a new parking area in the rear of the building off Baptist Street and air conditioning inside for your convenience.

Have patience with the sewer construction! They say they will be past the museum in "jig time".

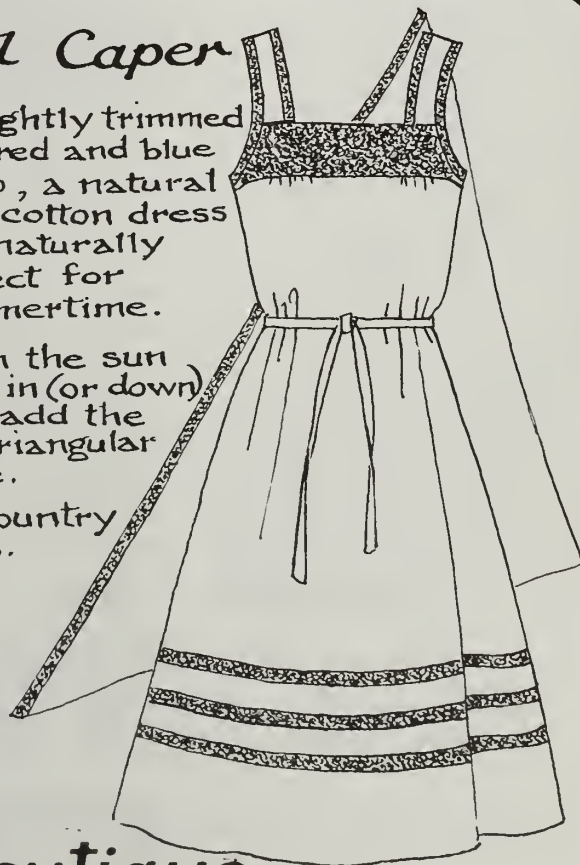

Hours: 2-4 P.M. Tuesday-Saturday.

## Cool Caper

## DUFF PLUMBING ANNOUNCES

We have added another truck to our fleet expressly for the Marion, Wareham & Rochester area residents. We have had such an increase in calls that we have decided to install a direct, toll-free "Hot Line" for these customers. We have our plumber, Chet, who is a local resident and knows the area well. He will have a well-stocked supply of plumbing needs right at hand.

Are you disappointed to find yourself waiting two days for a plumber, then have him arrive with a helper to carry the tool box, and receive a bill for two men? We pride ourselves on sending one man on service calls.

We take good care of our old customers; it's new customers we are looking for.

tall ships. Luminosity, depth and permanence result from the artist's years of research in trying to rediscover the way that Titian, Rubens and Velasquez achieved these effects.

Albert Bigelow is the author of Marion's Marine History in "Sippican 1976". Eight of his paintings of sailing ships are in the permanent collection of the Mystic Seaport.

Andrew Hepburn has been drawing and painting for many years and has devoted even more time to his work in the last five years. Like Bigelow, Andrew Hepburn has had extensive service afloat from coastal sailing ships and fishermen to ocean-going sailing vessels and steamships.

An architect major in college, he specialized in naval architecture. During World War II he served on destroyers and destroyer escorts in the Atlantic, Caribbean and Mediterranean Seas. He practiced architecture after the war.

Hepburn's precision in watercolor complements Bigelow's oils. A most pleasing exhibition, the show is on display now through July 30th. The gallery is open daily 1 to 5 P.M.; Monday, Thursday, Friday and Saturday mornings 9:30 A.M. to 12:30 P.M.; and Friday evenings until 8:30. Don't miss it!

appreciated theater and was just waiting for "the right part" to come along. His sense of humor and skill as an actor combine in a thoroughly hysterical character.

The woman Allan really loves also happens to be his best friend's wife played by Susan Beech, a music teacher from Lakeville. William Cormier plays opposite her as Dick Christie, a serious businessman.

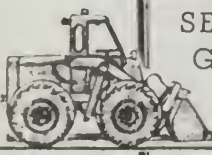

The plot of this comedy spiced with intrigue and romance is too complicated to reveal here. Many other ladies pass through the life and frustrations of poor Allan and they are played by some more teachers and college students free for the summer, having a good time, working very hard: Renee Fernandes, Debra Flanagan, Laurie Applefield, M.M. Welling, Mary Kate Worden and Mary Carol Sanz. Set design is by Chris Gaucher and is complete to the finest detail - a life sized poster of Humphrey Bogart.

Since seating in the intimate theater of the Marion Art Center is limited, reservations must be made in advance for this comedy. Please stop in or call 748-1266. The gallery is open seven days a week for business and Friday evenings until 8:30.

tain time is 8:15 P.M.

Making her debut on the other side of the footlights as director is a well-known lady from Lakeville, Karen Chase. Karen has appeared in several Art Center productions including "Cabaret", "6 rms riv vu" and "Applause". Her knowledge of theater as well as an ability to create and organize amply qualify her for this task.

Greg Doench is also making his Marion debut in the leading role of Allan Felix, the inept but lovable bumbler who idolizes Humphrey Bogart. When 'Bogey' magically appears (in the person of Marvin Purdy), Allan's fantasies can become reality with Bogart as his coach. Greg has lived in Marion for several years and teaches English at Tabor Academy. He has always

## Try-outs Thursday

The Marion Art Center kicked off the summer season with two shows last month: "Lavender and Old Lace" was done by the Young People's Theatre Group, and "The Cast Party" was performed by past and present Marion Art Center Players.

The riotous comedy, "Play It Again, Sam", by Woody Allen, will be presented on July 21, 22, 28 and 29. Directed by Karen Chase, this play features Greg Doench of Marion in the leading role.

Auditions for the Young People's August production, "The Me Nobody Knows", will be held Thursday, July 14th, at 7:30 P.M. This show is for and about youth and will be directed, produced and performed by teens and young adults. (Don't bother to try out if you're over thirty.)

For more information concerning the Theater at the Marion Art Center, please stop in or call 748-1266; open all day Friday (9:30 A.M. to 8:30 P.M.), Wednesdays, 1 to 5 P.M. and all other days 9:30 A.M. to 5 P.M.

Made famous by his stage portrayal of Sherlock Holmes, Gillette occupied his dream home between 1919 and his death in 1937. The property was acquired by the Connecticut Park and Forest Commission in 1943. He began constructing the castle in 1914, at the height of his theatrical career; work was completed five years later at the cost of well over a million dollars. Among its more unusual features are the array of mirrors over the French doors in the living room so that he could see callers from his bedroom door, pieces of furniture which could be moved along metal tracks, the electric light fixtures decorated with bits of colored glass which Gillette had collected, and the Japanese raffia mats used as wall hangings. Only an old trestle and the roadbed remain from Gillette's own personal railroad, a lifesize "hobby" train which he took pleasure in engineering while his guests rode along as
